

**WE NEED YOUR HELP**

**Please help us keep our doors and arms open.** Walden's Puddle is the only professionally staffed wildlife rehabilitation and education center in middle Tennessee, located in Davidson

County. We admit over 3500 injured and orphaned animals per year of over 120 different species. We receive no federal or state funding and operate only through the generosity of our community.

**We have suffered a fire**, and we anticipate that the recovery will be on-going, lasting well into the fall. We're in need of financial resources and volunteers. Please help us help the babies coming in this season, as well as the many injured animals we admit daily.

Please visit us online, where you can read about the work we do, make a donation, and view our wish list.
